Examples of collection combinations.

Foundations + Song Birds + Fantasy Birds

Foundations + Roosters

This is a collection that has been requested since the inception of the Mix and Match Quilting line. The Mix and Match Quilts are so easy to make that everyone always asks “What about my other quilts and designs, how do I apply these techniques to them?” The answer is quite simple, the Foundations Collection!

Foundations + Baby Lullaby

What we have done is created a collection that consists of quilt blocks that easily merges with your existing designs and allows you to create beautiful quilts in your machine without using any software. You simply open the desired background block, merge your existing embroidery design and stitch the block! You will end up with a perfectly centered quilt block complete with your choice of many backgrounds and borders. This collection doesn't just come with square blocks. There are 3 different sizes of squares, 2 different rectangles, 2 different mitered corners and 2 different triangles. With these combinations you can create hundreds of different quilts!
