Footprints in the Sand

One night I dreamed I was walking along the beach with the Lord. Many scenes from my life flashed across the sky

In each scene I noticed footprints in the sand. Sometimes there were two sets of footprints, other times there was one only.

This bothered me because I noticed that during the lowest periods of my life, when I was suffering from anguish, sorrow, or defeat, I could see only one set of footprints, so I said to the Lord,

"You promised me Lord, that if I followed you, you would walk with me always. But I have noticed that during the most trying periods of my life there has only been one set of footprints in

the sand. Why, when I needed you most, have you not been there for me?"

The Lord replied, "The years when you have seen only one set of footprints, my child, is when I carried you."

Footprints in the Sand is our newest prayer wall hanging.

It would look beautiful on the wall of any home or church. This is a very easy scene to create because most of the blocks are only a few colors. This is a beautiful 10 block tile scene that is probably our fastest tile scene to create. The unique part of this collection is the stippling. Stippling is no easy to do free motion so we decided to add it to the designs. There are 4 different sizes for the project.
