

# Spring & Summer Bookmarks

20 Designs

In the Hoop Designs

This is a fun, fast and easy holiday project. Our Spring and Summer Bookmarks collection has 20 different designs that make perfect gifts for the spring and summer season. They are all created the same way, in your embroidery hoop! If you have never tried an in the hoop project before this is a great way to start. The bookmark is completed in the hoop with no sewing whatsoever, and the back is even finished with cotton material.
