

Pond Critters

28 Designs Total

Cute designs for use on clothing and accessories for children of all ages!

Mini Collection

This collection is cute for children of all ages. There are 12 cute pond critters that look great on whatever you embroider them on. We decided to embroider the designs on t-shirts, but ordinary t-shirts just wouldn't do! We purchased different colored shirts, cut them up and combine the pieces for interesting combinations. By doing this we created a far more interesting background for the designs than just a plain shirt. All 12 of the designs come in multiple sizes.
