This is our third scarf end collection we previously released Vintage Scarf Ends and Floral Scarf Ends. This collection is different because it uses applique in the designs for more colorful options. There are 12 different designs and each design comes in 3 different sizes. There are also 12 different individual designs to add to your projects or use by themselves. Instead of a scarf you can also make a tea towel or a table runner. The table runner option is the same as a scarf with a beautiful design on each end. The table runner is my favorite project. The projects are very easy to create and work with virtually any fabric type.
