

Mini Mix & Match Quilting

by Anita Goodesign™

It seems that no matter what store you travel to these days you see owls. The store could be a children's clothing store or a home decor center. We decided that a collection of owls would be the perfect addition to our Mini Mix and Match Quilting collections. There are 12 different owls in cute poses. There is even an owl playing the guitar! All of the owls are created using appliqué and like all of our Mix and Match collections include the background stippling. We are also including border blocks so you will be able to create your quilt or wall hanging.

Hoot!

This collection was designed to be compatible with all Anita Goodesign Mix & Match Collections.

12 blocks and 8 transitional blocks. Blocks come in 4 sizes each (7.8", 6.8", 5.8", and 4.8").
Also includes 12 individual designs for the 5"x 7" hoop.
