

Roosters

60 Designs

Full Collection

We came up with a new collection of realistic Roosters with an exciting project to go with it. We started with 10 jumbo realistic Roosters in two different sizes each. The sizes are 8"x 6.75" and 7"x 5.75". Each Rooster is hand digitized and would look great on whatever project you decide to embroider it on. For our project I wanted to avoid a typical quilt so we went in a completely different direction. We designed 4 different quilt corners consisting of 9 blocks each. The blocks are embroidered in a unique way by using batting during the embroidery process. Once each block is finished they are stitched together to form a beautiful corner. We don't add the Rooster to the quilt until the end. We actually Stitch the Rooster right over the seams for a beautiful effect. The complete instructions for the projects are included on the following pages. We hope you enjoy recreating these projects as much as we enjoyed designing them.
