

# Holiday Tea Towels

36 Designs Total

Mini Collection

*12 different  
holiday designs.  
Designs come in  
three sizes.*

You are going to love the Holiday Tea Towels Collection. We created these designs to stitch fast and easy on your embroidery machine. The designs were all created using running stitches. Instead of digitizing the designs with 2 layers of thread like a redwork design each stitch repeats 7 times to mimic hand sewn embroidery floss. The look is quite different and unique! There are 12 different themes in this collection and each design comes in 3 sizes. You can create a different tea towel for every holiday! These designs make perfect gifts for everyone on your list. You can purchase pre-made tea towels or create your own. The tutorial demonstrates how to create a tea towel from linen or cotton. You can make a tea towel out of linen or high quality cotton. For this collection we used white linen. For an added touch you can add decorative holiday fabric to the bottom of each towel.
