

Piglets

24 Designs Total

Mini Collection

You are going to love our Piglets collection! There are 12 adorable pigs in this collection and they come in two sizes each, one size for the 5"x7" hoop and one for the 6"x10".

Our artist Rachel Woodhouse's inspiration for the artwork for this collection was from her very own teacup piglet named "Cupcake."

These designs are fun for any age; they look great on clothing or decor projects such as quilts. For one of our projects we embroidered a simple six-block quilt.

For the second project we used a child's size sweatshirt to appliqué and embroider these cute designs and then embellished the sweatshirts with ribbon and buttons.

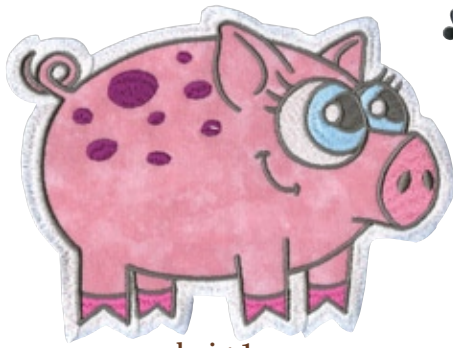

These adorable piglet designs would be great for a baby nursery or even embroidered on childrens clothing.
